TouchRetouch is the premier image editing and touch up app on the market. Earlier today at the House Science, Space, and Technology Committee Hearing on Digital Television Transition, the

panel of witnesses testifying on the topic spoke of concerns over the impact of the DTV transition on the black community, particularly in urban areas. The comments followed a reference by Chairman Ralph Hall (R-TX) that the “existing black/Hispanic TV viewers will have little choice but to use the DTV signal once full-power analog TV signals are gone,” and that “as DTV sets and channels are installed, the black/Hispanic viewers will have only the full-power analog channel to watch and

a scarce digital channel to which they can migrate.” The African American Television Coalition released a statement in response to the Chairman’s remarks. The Coalition, a diverse group of 23 organizations, urged the Chairman to examine the testimony of the witnesses and to consider the needs of the community. “Chairman Hall’s 2d92ce491b
