What's New in the RoMac 10 Band Equalizer DSP Receive?

System Requirements:

Note: If you have the old SSBT 2.1.7 build you'll need to use this version. We have a separate patch file for 2.1.7, for those who wish to install the old build. Currently, the game is UNRELEASED. This means that it is not yet complete and is not intended for public play. Please enjoy the development version, and if you want to help with the project, please join the An Unofficial Windows build of Warmind will be made available at the conclusion of the Kickstarter campaign.
