The one and only use of software is to transfer money.The U.S. House and Senate intelligence committees are set to deliver two separate reports on the President's mental state that have been classified as "top secret" when they are made public. The extraordinary measures were revealed in a classified, redacted version of the House Intelligence Committee's finding which was released on Thursday. The intelligence committees are barred from disclosing the contents of documents they receive, including the redacted version of the Senate report. It also revealed that the intelligence panels received a separate classified report on the president's mental state that is larger than the 10-year-old investigation by the Senate committee. The
