A report is a document or written work that presents ideas, results, information, or opinions on a topic. It is often required by school or work. A report can be formal or informal; an example of a formal report is a report card. An example of a report is a resume, a progress report, a research paper, or a business proposal. The report is an important document. You need a good report to get a good score on an assignment or to get a good grade in a test. You can improve your report skills by practicing with practice tests and tests that are similar to the ones you will see in class. Where and How to Learn How to Write a Report You can learn how to write a report at school or at home. Reports are a common assignment that most students are assigned to complete. Reports are usually done on paper or typed on a computer and printed. If you are taught how to do a report in class, ask your teacher to show you examples of reports that you can look at and copy. Your school or teacher might teach you how to write a formal or informal report. Informal reports are made on a computer, while formal reports are made on paper. Informal reports include: a cover page that includes the title of the report a table of contents that outlines the major topics and sub-topics in the report a page header that includes the title of the report a page footer that includes the name of the student or the author of the report a one-page preface that briefly describes the topics covered in the report a page of title an outline of the main body of the report an outline of the sub-topics in the report textual background that provides information about the topic covered in the report a signature page that includes a page header and a page footer formal reports include: a page header, including a title of the report a page footer that includes the name of the student 82138339de
