7 days ago - Adobe Premiere Pro CC is a great professional video editing tool for movies, shows and online content with industrial effects.

Premiere Pro CC software is designed for professionals working in the video production industry. It comes with an intuitive interface that allows you to quickly and effortlessly create, edit, and transfer projects.

New in Premiere Pro CC:

- New Deep Learning technology, first introduced in Adobe Kuler, automatically adjusts images for footage.
- Improved drag and drop while editing.
- Improved work

with layers.
