suggest me. A: You can install Windows in VHD using Disk Management -> Shrink  
Volume there you can give (or use) any volume size you like. After that you can use  
the VHD to create a Win10 installation on a new machine. General Electric (GE) just  
had the best quarter in the company's history, and it's only going to get better. The  
company's big gamble of going public, in recent years, has produced a bonanza. On  
top of strong revenues, earnings, and cash flow, the company also pays its  
shareholders a nice, juicy dividend. Shares of GE are already at a low not seen since  
the early 2000s. GE reported strong fourth quarter earnings for the first time in  
more than two decades. Sales jumped 9.4% to \$56.7 billion, even as GE's core  
industrial businesses struggled in a competitive marketplace. Earnings hit \$1.81 a  
share, up 38% year-on-year. This was the company's first year-over-year increase in  
earnings since 1996. That's when Berkshire Hathaway (BRK.A) chairman and CEO  
Warren Buffett took a 92% stake in the company and eventually increased his stake  
to 95.7%. GE has long been Buffett's big bet in the industrial sector, and he has  
been very happy with it. Berkshire has invested in GE Capital and has plenty of

---

exposure to GE's power and utilities
