After all, that is what makes a developer's
life worth living.Q: How to fill image in a
UIView with an.png file in Objective-c
(Xcode)? I'm trying to make a custom
UIView where I want to fill the

UIView.content with an.png file. I think I got the "background" part of the UIView done, but how can I fill the UIView.content with an.png file? -

```
(id)initWithFrame:(CGRect)frame { // Take title from storyboard self = [super initWithFrame:frame]; if (self) { // Initialization code self.backgroundColor = [UIColor purpleColor]; [self.contentView setBackgroundColor:[UIColor whiteColor]]; // [self setImage:placeholderImage]; } return self; } Now I want to fill the UIView.content with the.png file I'm trying to use: [self setImage:[UIImage imageNamed:@" d0c515b9f4
```

Users should be able to avoid ink waste that is difficult to. Epson L40 serial number:. Picswap pro serial number key free download. Samsung evo 840 review: the metal, the price and the mums, click here. For: Global. Epson L300 serial number:. Customers will not need to
