Salling Media Sync allows you to synchronize your music, photos and podcasts from your computer onto your mobile device! The software provides an easy-to-use interface that allows you to:

- Open iTunes on your PC and choose from which albums you want to synchronize your photos
- Copy the photos directly to your device via USB cable
- Create a personalized playlists for your device to be automatically synchronized with the music on your iTunes library
- Send playlists to your player using WiFi Direct.

Syncing Photos from Photoshop Elements:

- You can either create playlists of photos from your computer and send them over WiFi Direct or copy the pictures to your device using the USB cable
- If you use the cable to copy your photos, you can also use an included USB hub

Syncing Photos from Photoshop Album SE:

- The photos from Photoshop Elements/Album SE can be imported through an included app
- You can sync a set of pictures to a folder or create a folder with pictures before starting the sync
- You can start the sync from the image or folder selection screen of the software

Syncing of Photo Playlists:

- For your convenience, you can create a playlist for your photos in iTunes
- Then, you can synchronize the playlist to your device
- If you use the cable, the sync will occur directly. Otherwise, the photos will first appear in your iPhone/Android Playlist folder

iPhone Add-on:

- If you get iOS5, you can use this software as a native iPhone/iPad sync app and your photos will be processed through iOS5's Photo Library
- The software only requires a 3.5mm headphone jack for sync

iPod Touch Add-on:

- If you get iOS6, the software will support video and audio syncing using WiFi Direct
- There's no limitation on video and audio files you can sync as long as they're supported by iOS6
- This free trial version of Salling Media Sync can be used for 30 days
- No registration is required, no shipping
- After the trial period, you can either purchase the pro version or continue to use the trial version

No, you don't need to use a cable. You can use the USB hub to connect it to your computer. I'm looking for a "fast" way to convert my CD-Rs to MP3. Since I already have CDK, I b7e8fdf5c8

Salling Media Sync was developed with the large variety of mobile phones and tablets available on the market in mind. When one of the media apps you sync is playing a song, each app will pause their music and Salling Media Sync will pause its operation. CyberLink ShareTube 5.3.0.0 CyberLink ShareTube lets you quickly and easily share videos over the Internet and on mobile devices. Salling Media Sync Requirements: ★ iTunes 11.1 or later or iTunes 10.x ★ Adobe Photoshop Elements or Adobe Photoshop Album SE 2.4 or later Sung Eun Chae, Rep. of Republic of Korea, Lecture on "The Development of the WUMIP and Innovation Policy" This year, the WUMIP was organized for the third time. We have been holding congresses on the theme of "The Development of the WUMIP and Innovation Policy" in order to focus on the future policies. In this year's congress, the Secretary-General Jong Jin Park presided over the opening ceremony. Many academics and experts from Korea, the U.S.A., and other countries attended this congress. The first panel on "The Present Trends of the Industry" began with the presentation of the panel. The panel made many proposals for issues such as the removal of products which are harmful and the examination of pollution of the oceans. Also, they discussed about how to make the most of the implications of the Science and Technology Innovation Vision 2025, which is the policy of "Science and Technology 2030". The next panel on "The Development of the WUMIP and Innovation Policy" was held by the elected representatives of the members of the WUMIP. They presented the efforts that have been taken to support this congress. They spoke about the reasons why the congress is held, the difficulties of the WUMIP, and the initiatives that will be taken in the future. "Three Critical Issues": Innovation, Research and Skills The panel discussed "three critical issues" which are the direction of the development of innovation, science and technology, and academic and industry cooperation. The panel first talked about the issue of the direction of the development of the WUMIP. Regarding the issue of the direction, it is urgent to further develop
